

Who We Are

The Reutlinger Community offers onsite rehabilitation and short-term skilled nursing services for individuals who have recently discharged from a hospital stay or are recovering from an injury or illness. With comfortable, supportive surroundings and a highly-trained staff, patients can receive the therapy and care they need while remaining close to home and their loved ones.

We are a participating provider for Medicare, Medi-Cal, Aetna, Cigna, Humana, United Health, Health Net, Blue Shield, Canopy Health and the Veterans Administration.

Tours of our Care Center are available and encouraged. Call our Admission Coordinator to schedule your visit today!

Care Center

REHABILITATION AND
SKILLED NURSING SERVICES

Our Mission

The mission of The Reutlinger Community Care Center is to provide superior short-term rehabilitation and skilled nursing services in a safe, comfortable and engaging environment. We strive to offer those recovering from an illness, injury or hospital stay care tailored to their unique circumstances and preferences.

Our Services

Through our team of dedicated, highly-trained professionals, we are proud to offer the following:

- Resident-centered care provided by licensed nurses and certified nursing assistants
- Individualized care plans
- One-on-one physical, occupational and/or speech therapy provided by a licensed therapist (available seven days a week)
- Fall prevention education and programs
- Gait and ambulation coaching
- Mobility equipment (walkers, canes, etc.) training
- Specialized wound care
- Infection prevention
- Strength-based support for activities of daily living (ADLs)
- Pain management
- IV hydration and antibiotics administration
- Discharge planning assistance

Our Staff

Our caring and skilled team of nurses, physicians, therapists, nutritionists, social workers and certified nursing assistants work collaboratively to ensure every individual is provided with high-quality, personalized care.

- Wound and infectious disease physician
- Infection preventionist
- Pain specialist
- Psychiatrist
- Social services director
- Medical group comprised of ABIM Board Certified (Internal Medicine) physicians specializing in pulmonary disease, critical care medicine, geriatric medicine, sleep medicine and hospice/palliative care

Our Amenities

- Optimal patient-to-nurse ratio
- Private and semi-private rooms with cable television, Wi-Fi and telephone
- Personalized dietary counseling and three delicious chef-prepared meals served daily, including gluten-free, Kosher and Kosher-style options
- Complimentary snacks available 24 hours a day
- Laundry services
- Stimulating activities and cultural opportunities, including art and gardening programs
- Access to beauty salon and barber shop services, including manicure services (complimentary salon service upon admission/discharge)

The average length of a stay at our care center is less than 30 days. We consider the family members and loved ones of our patients an integral part of the care team at The Reutlinger Community. We highly encourage them to participate in scheduled resident care planning meetings and are committed to providing consistent and thorough communication regarding the daily progress of their loved one or any changes to their plan of care.
